One-off Grant for Promotion of Self-directed Language Learning (English Language)

Expense Report for 2024-2025

Programs	Objectives	Evaluation	Report	Expense
• Purchasing eBooks	Provide students with access to reading materials beyond what is available in the library	Data from the platform	- In May 2025, the English Department purchased 40 fiction eBooks from the eClass platform, including 20 titles from the Sherlock Holmes series. These eBooks were made available to junior form students, who were encouraged to complete their book reports during the summer holiday. The digital format provided students with convenient access to a diverse range of reading materials. - According to usage data from the platform, there were 1,042 recorded instances of students reading the eBooks. On average, each junior form student read 2.6 books over the summer period. - The English Department will continue to subscribe e-book in 2025-2026.	$35,400

The total expenditure for 2024–2025 amounted to $35,400, and a surplus of $164,600 will be utilized in 2025–2026 and 2026–2027 in accordance with the revised implementation plan.
