School Profile
2025-2026

Our Mission

Our school is sponsored by The Institute of the Marist Brothers, whose founder, St. Marcellin Champagnat, had passed on the following beliefs and ideals as an integral part of his educational vision and mission -

(i) that we should make Jesus known and loved among the young and the children, especially the poor and least favoured.
(ii) that to bring up children properly, we must love them, and love them all equally.
(iii) that each of our students would cherish the love of God and accordingly develop his full potentials, lead a meaningful life as an individual, and take a contributing role in society.

ST. FRANCIS XAVIER'S COLLEGE

Our History

Our school is a whole-day aided grammar secondary school for boys. The Marist Brothers arrived in China in 1891 and were invited to teach in St. Francis Xavier's College, Shanghai in 1893. Our Brothers came to Hong Kong in 1950 and started the education of youths in St. Martin's English School. On 9th December 1955, the school moved to the present premises and was renamed St. Francis Xavier's College, emphasising the link with the school in Shanghai.

Sponsoring Body – "The Marist Brothers"

The Institute of the Marist Brothers, the sponsoring body of our school, was founded in France by Saint Marcellin Champagnat in 1817. Since then, Marist schools have been established in different countries to provide education to the young people and spread the Gospel of Christ. There are now around 2300 Marist Brothers serving in schools in around 80 countries all over the world.

Medium of Instruction

The English language has been adopted as the medium of instruction since the establishment of our school in 1955.

School Ethos

Simplicity and harmony are the characteristics of our school. To help students develop independence, we prefer to give advice rather than reprimands, hoping each student will understand his shortcomings and rectify them himself. Our ultimate goal is to develop self-discipline in our students and make them realize the significance of self-awareness, self-control and self-respect.

Pastoral Care

With a simple and harmonious school community, students and alumni have a strong sense of belonging to our school. We emphasize 'Automony, Self-discipline and Respect'. We prefer counseling and advising to punishing or reprimanding. Comprehensive Pastoral Care programmes based on the Marist Styles and Catholic Core Values are formulated to look after our students and accompany them on their journeys to adulthood.

Our school aims at equipping students with skills and capacities to develop their own plans in order to face various academic or career challenges. The Life Planning and Careers Guidance Committee of the school offers various services to assist our students, including Dream Catcher Life Planning and Whole-person Development Scheme, individual and group counseling, form-specific goal setting and life planning workshops, career-related experience activities and mock interview workshops.

There is a working group under the Counselling Committee of the school for coordinating all supportive measures for the students with Special Education Needs (SEN). In recent years, various measures such as Emotional Regulation and Social Development Group, Career Planning Workshops, Executive Function Training Group and individual guidance have been added to enrich their all-round development. Moreover, adjustments in examinations are arranged on an individual basis. Apart from the aforementioned groups for students, a group has also been organized for the parents of SEN students to empower them to cope with their sons' educational needs.
